JASSOR FACTORY STEEL & WASTE REMOVAL

Blue Chip
Trading & Contracting W. L. L

COMPLETION OF WORK

No. of working days (Excluding Friday & Eid Holidays) = **22 Working days**

At the beginning the work flow was day & night scheduled but due to fire occurred at Factory premises and further to instruction from officials at waste dumping area at Umm Said, we had restricted loading at night shift, after completion of the Waste disposal we had started the night shift as well. Majorly 5 times fire occurred at factory area and 2 times at dumping area has been accounted. - Our sincere gratitude to Qatar Civil Defense Officials / Jassor Factory Managers, Supervisors, Other supporting staff & Engg Consultant Team for their sincere support for the completion of this project.

Blue Chip
Trading & Contracting W. L. L

Further to instruction from Engg Mr. Arsalan (Authorized Consultant-Jassor Factory) office area top sandwich panel area steel removed without having any damage for the civil structure.

Also as instructed the electrical cables and (back side) vacuum machines we have kept safely near to the electrical room which dismantled while demolition the civil structure or removal of wastage. This has been informed & handed over to Jassor Factory officials.
